

To whom it my concern.

Munich,Germany. January 25, 2017

Internship Certificate: Gaël Hillion

As the Directors of Design for the Cogniance Munich office we had the distinct pleasure of working with and overseeing Gaël on a variety of design and product development initiatives for the 6 months he interned at our design studio.

He has demonstrated an admirable initiative and a fantastic outlook toward constructing excellent, consistent design and production work for virtually any kind of project and task he was involved with. His demonstrated skills have made him an incredibly valuable member of our team.

In working with Gaël, we've observed many strengths in his performance. His desire to sharpen his skills is evident in the way he approaches each individual assignment. Furthermore, he has a proven ability to efficiently prioritize multiple projects simultaneously and is excellent in organizing complex design projects with multiple versions, while monitoring time efficiently and meeting tight deadlines. Gaël is well educated as a designer and performs job functions way beyond expectations. He is extremely motivated when it comes to taking on new challenges and very knowledgeable with various design software, demonstrating a superb understanding of concepts and functionality in addition to application. He can work well independently, but is open to working in a team and accepts constructive criticism and feedback very well, which is essential in working with clients.

In his months at Cogniance Munich, he has gained the respect of the entire design team for his important contributions. We absolutely recommend him for any endeavor he chooses to pursue and we will sincerely miss him.

Kind regards,
