

I am a French freelance UX designer, currently completing a User experience Master's Degree.

I chose to study design for my love of problem solving. During my last experiences, I worked for different companies, always looking for the most efficient way to solve problems and keeping in mind that design is above all about empathy.

I am Looking for an end-of-studies internship, starting in March 2018.

Experiences

February 2017 - Today
Paris, France

Freelance Ux|Ui designer

Clients : Continental Foods, Notaire Château d'Olonne.

August 2016 - January 2017
